Jeep®

Official fuel consumption figures for the Jeep® Wrangler range mpg (l/100km) combined: 25.0 (11.3) to 30.4 (9.3). CO₂ emissions: 259 - 247 g/km. Fuel consumption & CO₂ figures determined on the basis of the new WLTP test procedure as per Regulation (EU) 2017/1347. Only compare fuel consumption and CO₂ figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Jeep® is a registered trademark of FCA US LLC.
