Official fuel consumption figures for the Jeep® Compass range mpg (l/100km) combined: 47.9 (5.9) to 31.4 (9.0). CO<sub>2</sub> emissions: 190 - 128 g/km. Fuel consumption figures determined on the basis of the new WLTP test procedure as per Regulation (EU) 2017/1347. CO<sub>2</sub> figures, based on the outgoing test cycle, will be used to calculate vehicle tax on first registration. Fuel consumption and CO<sub>2</sub> figures are provided for comparative purposes. Only compass fuel consumption and CO<sub>2</sub> figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Jeep® is a registered trademark of FCA US LLC.

Prices, fuel consumption and CO<sub>2</sub> emission figures are correct as of November 2019 and published to our dealer network which may be subject to change. Colours of vehicles shown may not match the actual colour.
